

BOND ISSUE OF \$200,000 FOR GOOD ROADS ADVISED BY THE BOARD OF TRADE

Important Matter Looking Toward Bringing More Trade to Newark Discussed Thursday Night

AT MEETING IN PLYMOUTH CHURCH PARLORS

Enthusiasm Was Manifested for Earnest, Con- scientious and Concerted Work to Accomplish Many Things Suggested in Reports.

The second monthly meeting of the Newark Board of Trade, since its consolidation with the Business Men's Club, was held in the parlors of the Plymouth Congregational church, Thursday night, and the business of the meeting was preceded by a sumptuous dinner, served at 6 o'clock, by the ladies of the church, about 185 sitting down to the tables. After being seated Rev. L. P. Franklin, rector of Trinity Episcopal church asked the Divine blessing and the men fell to discussing the following very excellent menu:

Minced Chicken in Patties
Sweet Potatoes Gravy
Macaroni Mashed Potatoes
Brown Bread White Bread
Radishes, Celery,
Lettuce, Olives
Coffee Chateaubeau Water
Stewed Peaches Cake
Cigars.

The tables were most neatly set each having a pretty floral centerpiece and the service was prompt and excellent. After cigars had been passed the chairs were pushed back and attention given to President C. H. Spencer's rap for order, and Secretary Richards was directed to call the roll of directors, all responding "present" except Mr. J. F. Irwin.

The minutes of the last meeting were read and approved and Mr. Spencer made a few opening remarks in opening the business session proper. He predicted: "If anyone had sixty days ago said that the Newark Board of Trade would at present number 628 members, he would have been considered a candidate for the state institution on West Broad street, Columbus, yet this is a cold fact, an accomplished verity. I feel like congratulating this gathering of men, as well as those of the membership who are not with us tonight on this pleasant occasion. In the first place I feel safe in saying that the proposed B. & O. shops will surely be built in Newark, and when definite news that such is to be assured Newark is received I can tell you with certainty that these tidings will be carried to you in display type over the first page of the Newark newspapers."

"Each day I more fully realize what a vast amount of good can be accomplished by the unity of effort and harmony of action of this great organization in the furtherance of every project for the advancement of our city, and the fastening of an aroused interest in civic matters."

"It is a fact that we want business from the outside. It makes no difference as to latitude or longitude, but especially do we want that business which we think rightfully belongs to us, the business to the west which goes to Columbus; that to our north, going to Mr. Vernon; to the east, going to Zanesville, and we firmly believe that a great bulk of this can be brought to Newark and kept here, if one great obstacle is overcome, and that is the poor condition of the principal highways in these directions. A committee will later report that the principal thing needed is good roads leading to the four points of the compass, and then the trade which goes elsewhere will come here, which means more to our city than any other one thing with the possible exception of the location of the new B. & O. shops."

"The chairman of the various committees are directors of the board and each has been asked to name his own committee, and from some of these we will have reports of what has been accomplished and what is proposed by them after earnest effort and consultation in committee meetings."

With the letters announcing this meeting return postcards were mailed asking each member to advise the secretary whether or not he could at-

tend this meeting. At the bottom of the card was printed: "I offer the following suggestions." Here are the suggestions offered by members:

Better sidewalks on the best street in Newark, viz Hudson avenue. Lower fire rate in the city of Newark.

Keep the good work going on and land the B. and O. shops in Newark, Ohio. Boost Newark.

Get a street car line on Granville street.

Get 1,500 members by allowing ladies to become members.

The most important matter you fail to mention, namely to start a campaign for a clean, efficient and honest city administration.

I am sorry to say I cannot attend on account of my health. I want to see Newark better. I wish you success.—J. D. Gosnell.

Equal distribution of money spent on improvements. South End considered.

Improvements in South End first above any other needed improvements.

Not able to attend evening meetings. Wish you all good and large attendance.—J. D. Evans.

I thought the Board of Trade was to be a business, not a banqueting body.

Advise the Board of Trade to grant a franchise for a street car line in the northwest portion of the city.

Judicious advertising of our city.

Have an a la carte dinner.

In having your list of Board of Trade printed give each professional man his title by placing Dr. or Attorney to his name.

Secure a hall for your meetings—something that will be permanent for Board of Trade gatherings.

A censorship over the moving picture show films.

Require pool and billiard rooms to comply with statute with regard to admittance of minors.

Include in the project to preserve the trees in park the placing on each tree a board bearing the tree's common and technical name.

I suggest that we get to work and do something. Are you ready to say what your committees are going to do?

Work to have Licking county issue \$200,000 bonds for improvements and extension of good roads leading into Newark.

I expect to be there. If not, suggest that you make me pay for my dinner ticket.

I suggest that we build a B. of T. building with convention room by organizing a stock company of members.

Amen to all your letter contains. Suggest that the northwest portion of the city be granted a franchise for street railroad service.

East.

I doubt the expediency of having

supper attached to every board meeting. Please have sunfish, a la Col. Bill. Devise some plans to get rid of the knockers.

Place decent receptacles for trash about the business section and encourage their use. Enforce the ordinance against placing rubbish or sweepings in the street.

Start an employment agency—a place where a man wanting work shall apply and where one needing a mechanic or laborer may go.

Connect the court house clock with Western Union regulator so that we may depend upon its accuracy.

Work day and night for better sidewalks not only in the business section but in the residence districts.

Publish a Newark booklet with carefully gathered data and suitable illustrations.

At the monthly meeting have a series of talks upon local institutions, beginning with the larger manufacturing industries.

Suggest that the committee on parks look into the question of children's play grounds.

The "Made in Newark" exposition idea is the best suggestion in your program. It will advertise the city widely, bring thousands to town, promote civic pride and will be educational.

The Public Library needs help and deserves it.

Stand for law and order in Newark.

"We have with us tonight the former secretary of the Board of Trade, and I am sure, we would all like to have him talk to us briefly. I take pleasure in introducing Mr. J. M. Maylone now of Co-shooton, but always of Newark."

Mr. Maylone was given a flattering reception as he rose to speak and he said, in substance:

"I am glad Mr. Spencer told you I was going to talk to you and not make an address. I don't make addresses, but I do want to talk to you. I am, of course, loyal to the city in which I live, but I still have and always will have, a warm spot in my heart for Newark. It does me good to see what I now see before me. It is a sight I always wanted to see when I lived here. What the business men here want to do is to get together, and then, anything they want, they will get. Don't let petty jealousies interfere with concerted action. Because you think some one else may make something out of it, don't discourage a good project. Whatever benefits one should and will redound to the good of all."

"Get out of the idea of petty party politics and be the first city in Ohio to adopt the commission form of government."

This last remark was greeted with great applause, and it was evident that the sentiment for a trial of the commission form of government for Newark was overwhelming.

The report of Mr. Frank L. Beggs, chairman of the committee on monthly meetings, was prefaced by congratulating the president on the magnificent meeting, and urging that if one half the things to be suggested were accomplished Newark would be a place to attract men of business from other places. The report follows:

Report of Program Committee.
Mr. C. H. Spencer, President of the Board of Trade:—It is almost impossible for your committee to outline any definite program except for the immediate future; but we expect to be governed by the wishes of this body, so far as we are able to interpret their preferences.

Our efforts will be directed toward making each meeting profitable to all who attend.

We shall endeavor to aid the several committees in the furtherance of their work by securing such speakers as they may desire from our local talent, and if deemed advisable, to call for (Continued on Page 2, Col. 3.)

GRAND JURY DRAWN TO FURTHER INVESTIGATE ETHERINGTON LYNCHING

It is understood that since the special grand jury that was drawn to investigate the causes leading up to the lynching of Carl Etherington on the night of July 8th, was completed by the returning of a large number of indictments, additional evidence has been secured implicating a number of others in the lynching. In view of this fact another special grand jury, to convene on Tuesday, February 21, has been drawn to continue the work of

investigating the matter. The jury drawn is as follows:
Otto Ramey, City.
T. M. Rugg, City.
William H. Mazy, City.
Harvey Peters, Bennington twp.
R. H. Wines, Fallsburg township.
George Vance, Franklin township.
J. W. Gutridge, Franklin township.
Homer Cooperider, Franklin twp.
James Taggart, Harrison township.
S. Epler, for Epler, Hartford twp.
Alfred Condit, Jersey township.
Arthur Barwick, McKean township.
Walter Castle, St. Albans township.
Corwin Green, Liberty township.

COMMISSIONER OF CORPORATIONS' REPORT SHOWS STARTLING EVIDENCE OF CROOKED MANIPULATION OF TIMBER HOLDINGS

The report of Corporation Commissioner Herbert Knox Smith, sent to Congress by President Taft, and disclosing startling information regarding crooked manipulation of large timber holdings, will be made the basis of anti-trust suits by the Department of Justice.

Friends of Gifford Pinchot, former forestry commissioner, are jubilant, because the report coincides with Pinchot's reports and recommendations. It shows he was familiar with the true situation, and made an effort to set things right, they say.

Smith declares the bulk of the timber speculatively and is "closely connected with railroad domination."

QUICK WORK OF TELEPHONE GIRL SAVES LIVES OF MANY GUESTS OF CLEVELAND

Cleveland, O., Feb. 17.—Fire drove 150 guests out of the west wing of the Hotel Euclid here at 9 o'clock last night. Eight women were seriously burned.

The prompt action of Nettie May, a telephone operator in the hotel, saved the lives of many guests.

The flames could not be controlled, and destroyed the entire section of the hotel, with a loss estimated at \$50,000.

Among the women seriously burned are Ruth Kent, of Cambridge, Ohio; Miss Gertrude Wright, and Miss Frances Fairchild, of Salem, Ohio; Miss Julia Franz, of Toledo, Ohio, and Mrs. Margaret Kuhn.

The fire was discovered by a patrolman as he was walking along Euclid avenue, opposite the hotel. He saw flames shooting from windows on the second floor and turned in an alarm. Then he rushed to the office and notified the telephone operator.

She rang the alarm system, with a ringing bell in every room. It was this action that aroused the guests in the burning section and gave them a chance to escape with their lives.

Men and women, some wearing practically nothing, rushed from their rooms and ran scurrying through the hall ways.

Some dashed madly into the lobby and stood shivering in their night clothes.

Others tried to get to some of the exits from their rooms before the flames got to them.

The flames started quickly, and a few of the guests escaped with minor burns.

By the time the fire department got to work the fire had climbed the six-story building and was burning on the roof.

One of the first to be rescued was a woman who was sitting in a room on the second floor. She was rescued by a fireman who climbed the stairs.

By that time the fire had reached the roof and was burning furiously.

Miss Wright, of Toledo, Ohio, was rescued by a fireman who climbed the stairs.

were carried down the escape and were burned in the same manner. They were helped down the fire escape by Major J. H. Clayton, of Zanesville, an officer of the Salvation Army, whose room was on the same floor as theirs.

Mrs. Kuhn, an invalid, was carried down an escape. She was nearly suffocated.

R. F. Grohs, of New York City, and R. M. Paris, of Baltimore, struggled through the smoke-filled hallways and staggered into the lobby, almost suffocated.

The cause of the fire is not known.

The ground floor of the burned section of the hotel was occupied by the Kennedy Company, planning southern

able report. By smothering annexation talk Taft hopes to smooth the path of the treaty through the Canadian parliament.

WILL DROP CADETS' CASES.
Washington, Feb. 17.—The joint resolution granting a trial to nine West Point Military Academy cadets, who were dismissed for hazing, which recently was vetoed by the president, will be allowed to die.

BACHELOR TAX TO SUPPORT ALL SPINSTERS OF 35

Boston, Feb. 17.—The committee on taxation in the Massachusetts house has decided to report for passage imposing an annual tax of \$2 on all bachelors over 35, to support a fund for the support of all spinsters over 35.

STEAM ROLLER

Applied By President Taft and Bennett Annexation Resolution Is Quickly Crushed.

Washington, Feb. 17.—The Taft plan to today crushed out of existence the Bennett annexation resolution, pending toward the annexation of Canada.

A meeting of the committee on foreign affairs was held today in the House of Representatives. The chairman had been called to the White House.

The meeting lasted only a few minutes and the Bennett resolution was adversely reported without comment. Bennett himself was the only one who presented a motion.

able report. By smothering annexation talk Taft hopes to smooth the path of the treaty through the Canadian parliament.

WILL DROP CADETS' CASES.
Washington, Feb. 17.—The joint resolution granting a trial to nine West Point Military Academy cadets, who were dismissed for hazing, which recently was vetoed by the president, will be allowed to die.

This was the second meeting held by the committee during the day. Yesterday morning action was prevented through the protest of Representative John Evans of Cuyahoga county, on the technical ground that not all of the members were present.

The absentee was Representative William Alexander of Cincinnati, the secretary of the body and an active supporter of the measure. This action was preceded by some heated language on the part of Representative Benjamin Gardner of Clermont county, one of the three dry members.

It appears that Mr. Alexander was detained at home through illness in the family. To facilitate a report, a paper was sent around among the members for their signature, a common legislative procedure. Mr. Gardner signed it by inadvertence, thinking it to be a report without recommendation.

Yesterday he took Representative Fellinger of Cleveland to task as being the cause of the error, and said that he treated every man as a gentleman until he found him different. The Cleveland member, amid some confusion, explained that his action was caused by an honest mistake.

When Chairman Welch asked for a motion to recommend the bill, Mr. Evans objected and caused the members to smile by explaining that he did it because Mr. Alexander had not been given notice of the meeting.

As he would not sign, this left the friends of the bill without a majority of the committee. The report was torn up and an agreement reached to meet next Wednesday. The supporters of the bill at once telephoned to Alexander to take the first train and hasten here. In the meantime arrangements were made for last night's meeting.

During the day there were fresh rumors that the advocates of the Oregon plan of nominating United States Senators, led by Senator John Stockwell of Cleveland, proposed holding up the Dean bill as a hostage until that measure was enacted. Being pursued to a conclusion, this seemed to be a pure bluff.

Representative Fellinger of Cleveland denied that he and his colleagues intended to vote against the Dean bill in pursuance of this device. (Continued on Page 4, Col. 4.)

EMPEROR IS GIVEN OVATION

Berlin, Feb. 17.—Emperor William's health has improved so much that he appeared at the German agricultural convention today and made a speech. When he appeared the whole assembly rose and cheered. His voice was a bit hoarse but strong and he appeared weak and considerably aged.

VOTE ON DEAN BILL TUESDAY

Temperance Committee Recommends the Bill By Vote of 6 to 3

NO MINORITY REPORT

Bill Made the Special Order for Tuesday at 2 p. m. by House This Morning.

Columbus, Feb. 17.—The Dean bill was reported in the house this morning with a recommendation for passage and was made a special order on the calendar for Tuesday at 2 o'clock. There was little opposition from the dries, though Wayne B. Wheeler is personally very active.

Columbus, O., Feb. 17.—As determined upon yesterday, the Dean bill amending the county option law so as to permit an independent vote for municipalities, was last night recommended for passage by the committee on temperance of the house of representatives, the vote being 6 to 3. No amendments were offered to the measure, and the date was limited to brief statements on the part of Representative Guard of Champaign, speaking for the dries, and Representative Fellinger of Cleveland, for the wets.

The majority members of the committee signed the report and placed it in the keeping of Chairman Smith Welch of Ottawa, who will report it to the house today, when that order of business is reached.

There will be no minority report offered, for the reason that the dries can see nothing in one from a parliamentary standpoint. They do not desire to uncover their strength, believing that their opponents might seek to gain an advantage thereby.

This was the second meeting held by the committee during the day. Yesterday morning action was prevented through the protest of Representative John Evans of Cuyahoga county, on the technical ground that not all of the members were present.

The absentee was Representative William Alexander of Cincinnati, the secretary of the body and an active supporter of the measure. This action was preceded by some heated language on the part of Representative Benjamin Gardner of Clermont county, one of the three dry members.

It appears that Mr. Alexander was detained at home through illness in the family. To facilitate a report, a paper was sent around among the members for their signature, a common legislative procedure. Mr. Gardner signed it by inadvertence, thinking it to be a report without recommendation.

Yesterday he took Representative Fellinger of Cleveland to task as being the cause of the error, and said that he treated every man as a gentleman until he found him different. The Cleveland member, amid some confusion, explained that his action was caused by an honest mistake.

When Chairman Welch asked for a motion to recommend the bill, Mr. Evans objected and caused the members to smile by explaining that he did it because Mr. Alexander had not been given notice of the meeting.

As he would not sign, this left the friends of the bill without a majority of the committee. The report was torn up and an agreement reached to meet next Wednesday. The supporters of the bill at once telephoned to Alexander to take the first train and hasten here. In the meantime arrangements were made for last night's meeting.

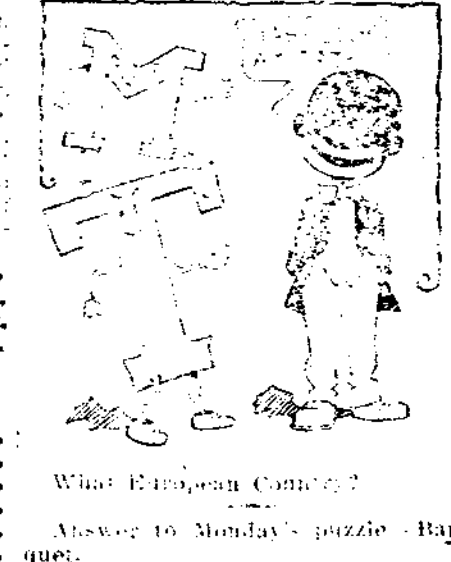

During the day there were fresh rumors that the advocates of the Oregon plan of nominating United States Senators, led by Senator John Stockwell of Cleveland, proposed holding up the Dean bill as a hostage until that measure was enacted. Being pursued to a conclusion, this seemed to be a pure bluff.

Representative Fellinger of Cleveland denied that he and his colleagues intended to vote against the Dean bill in pursuance of this device. (Continued on Page 4, Col. 4.)

BROTHER OF J. D. VERY ILL

New York, Feb. 17.—Wm. Rockefeller, brother of J. D., is suffering from lumbago at the Fifth avenue house. It is rumored that he is not very well. Reports that he had pneumonia stirred financial circles.

MAKE WANT ADVERTISING SERVE YOU!
It's "cold comfort" to know that, within the next few days, people less content, less efficient, than you in your own line of work, are going to find positions as better paid than yours ever received. They'll get it. And they'll get it because you have made personal and persistent use of the want advertising columns. YOU can do it. I AT, too!

Buy Your Spring Suit now

GRANVILLE

Granville, O., Feb. 17.—The annual convention of the Granville Township Sunday School association, which is considered among the largest in the county, is holding its annual convention in the lecture room of the Baptist church this (Friday) afternoon, and will continue during the evening. Mrs. Phoebe A. Collins, of the Ohio Sunday School association, is present and will give an address at both the afternoon and evening sessions. Her talks are of an exceptionally interesting nature, and she is a recognized specialist in child study. Miss Charles E. Carroll, of the same association, is also present. The afternoon session is being held in the lecture room of the Baptist church, and the evening session is being held in the lecture room of the Baptist church. From appearances the session is proving one of the most interesting and profitable held in a long time.

Many people will be interested in learning that Mr. James H. Hoppe, recently appointed postmaster at Hudson, took office at the office of Wednesday of this week. He was appointed postmaster by President Taft, and the senate confirmed his appointment January 20. He is well known in Granville, having married Miss Eliza, daughter of the Rev. T. J. Shoup, and wife of the late postmaster.

The Newark woman who died of a dry cough, the last of Granville, N. J., on Monday, was a well-known lady.

The last regular meeting of the Granville township was held at the home of Mrs. Hoppe, with a large attendance of the members. The meeting was held in the evening, and the program was very interesting. The program was as follows: Reading of the minutes, report of the treasurer, report of the secretary, and a report on the work of the township during the year. The meeting was held in the evening, and the program was very interesting.

Friends here will be interested in the following announcement: Mr. and Mrs. James A. Horsey, of Hudson, have announced the birth of a daughter, Elizabeth Whiting Fisher, on Saturday, the 11th of February, 1911.

Mr. Ralph S. Leonard, of Boston, Mass., is expected to arrive in Newark on Saturday, the 18th of February, 1911.

OHIO BRIEFS

Sidney: Walter P. Seely of Brightwood, Ind., aged 22, brakeman on a train on the Big Four railroad, was instantly killed while switching cars in this city. He fell in front of a moving car.

Circleville: Mayor E. E. Smith of Ashville found 12 saloonkeepers and bartenders of Circleville guilty of violating the Rose county local option law. Sentence was reserved.

East Liverpool: Firebugs are believed to have set fire to the packing department of the Pottery Co.-Operative company, causing a loss of about \$2,000.

St. Clairsville: James Scuderi has filed suit for \$10,000 damages from the Wheeling Traction company, alleging he was badly injured by the conductor and motorman when he got into an argument with them on one of the company's cars over the payment of a fare.

Naradon: Earl E. Ford, a D. T. & L. railway engineer and his wife, and a seven-year-old daughter are in a critical condition from poisoning caused by eating canned peas.

Fairpoint: Falling backward into a tub of scalding water today the 22 months old daughter of Mr. and Mrs. Joseph Rauber was scalded to such an extent that she died soon after the accident.

Washington C. H.: Mr. Sterling is to have a new Carnegie Library. Carnegie made the village a donation of \$20,000.

Bellefontaine: Enroute to work Mayo Braum, 24, of Kettleville, Shelby county, carried a rifle with him. He accidentally slipped and in falling the rifle was discharged and the bullet entered his brain, killing him.

Massillon: A telegram to Floyd C. Snyder tells of the serious injury of his mother, Mrs. Charles F. Snyder, in an automobile accident in Los Angeles, Calif. Her skull was fractured and she is in a critical condition.

Wapakoneta: D. V. Gasson, for a number of years one of the proprietors and managers of the Delphos Daily Herald, has bought an interest in the Times Publishing company of Van Wert and today took charge of The Times as manager, succeeding W. A. Markert.

WHAT IS VINOL?

It Represents Twenty Years' Work of Two Eminent Chemists.

After twenty years of study two eminent French chemists discovered a method by which the alkaloids or medicinal elements of the cod's liver might be separated from the useless oil or grease, retaining all the good of cod liver oil and dispensing with the bad, as the oil has no medicinal value. These medicinal elements blended with tonic iron and a mild medicinal wine—make Vinol.

Vinol is not a secret medicine, as its ingredients are printed on every bottle, and in all cases where the healing, strengthening influence of cod liver oil is needed, Vinol will give better results, for it contains all the curative medicinal properties of cod liver oil, but without the oil, and it is easily assimilated and acceptable to the weakest stomach.

For all run-down weakened conditions, and to cure chronic coughs, colds and bronchial troubles, Vinol is unexcelled. We sell it always with the understanding that if it does not do all we claim for it, we will refund the money paid us for it. F. D. Hall, druggist, Newark, O.

Granville merchants had an unusually large sale of valentines this year, and all grades from the penny post cards to the expensive ones. The rush at the postoffice after school hours was almost equal to Christmas time.

ATTY. GEN. HOGAN

Will File Brief Which Claims That If Present Session Is Illegal, None Can Be Held Until 1912.

Columbus, Feb. 17.—In his brief which is to be filed in the supreme court in the legislative legality contest, Attorney General Hogan will contend that if the present session is illegal, none can be held until next year. It is his contention that the legislature cannot be called into special session prior to its meeting and organization. Hogan lays stress on the silence of the constitution on the question of organizing a legislature when called into special session.

Furthermore, he will insist that neither the letter nor the spirit of the constitution is being violated in the present session. He holds the Patterson law changing sessions from even numbered to odd numbered years is in conformity to the amendment of 1907, providing for the change in times of election.

The proposed oral argument for February 28 has attracted a great deal of attention, and constitutional lawyers from all over the state are expected to be present.

The Attorney General also will argue that provisions of the Constitution regarding the holding of biennial Assembly sessions in even numbered years are merely directory, and that the Patterson bill, providing for the meeting of the Assembly in the January following the election of the members in the preceding November, is not out of harmony with the spirit and intent of the constitution.

BLOOD STANDS STILL

Piles Can't Be Cured Until Circulation Is Restored.

It is useless to try to cure piles by operating or use of salves or suppositories—as long as the blood is stagnant in the lower bowels, new tumors will continue to form. Clear the blood—free the circulation. Then piles will leave for good. A successful scientific internal remedy is Dr. Leonard's Hem-Roid, sold under guarantee by W. A. Erman & Son and druggists everywhere. Hem-Roid does its work thoroughly in 24 to 48 hours. Write for booklet, Dr. Leonard, Co., Station B, Buffalo, N. Y.

GOV. HARMON

VISITS OHIO PEN AND INSPECTS THE VARIOUS SHOPS.

Legislative Committee Investigates Conditions and Board of Control Bill Receives a Boost.

Columbus, O., Feb. 17.—That the fight on the proposed State Board of Control bill cloaks an organized effort to return to the contract system for labor in the penal institutions of the state is the opinion of many members of the special committee appointed by the General Assembly to investigate the conditions at the Ohio Penitentiary. They are considering the advisability of summoning before the whole committee several persons who have been active in fighting the bill.

Yesterday the committee, accompanied by Governor Harmon and Adjutant General C. C. Weybrecht, visited the penitentiary, and guided by Warden T. H. E. Jones, inspected the premises. In the idle house were found only 65 prisoners, as against 200 a week ago. It was explained that the others had been put to work cracking rock and in other ways assisting in cleaning up the prison and grounds.

Suggestions were listened to, one of them being the installation of machinery for the manufacture of cells. Chairman Reynolds of Cleveland, who is an expert in these matters, said that there was already enough machinery in the shops to make them.

Governor Harmon, after his visit, was more emphatic than ever in favor of the Control Board plan.

It is nonsense to say that the introduction of manufactures in the prisons and the placing of their products upon

the market will upset the whole state of Ohio," was his comment. "Why, there will be only a thousand men employed in a dozen or more different enterprises."

It is believed that the visit of the committee has inclined the members favorably with the Board of Control bill, and has added it largely toward passage.

GERMANY ASKS FOR RETRACTION

London, Feb. 17.—A demand for retraction made in an amazingly direct manner has been received from Germany because of McKenna's statement made in 1909 that Germany's activity in building warships is directed against England.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it any insatiable preparation, such as is usually recommended to make people fat, and which does not build up good healthy tissues. Samose has valuable flesh forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, W. A. Erman & Son will return your money without any quibbling.

Feb. 17 in American History.
1801—Thomas Jefferson's election as president of the United States decided in the house of representatives on the thirty-sixth ballot.
1800—Lewis Miller, inventor and philanthropist, founder of the Chautauque assembly, died; born 1820.
1900—Gerónimo, the once notorious raiding chief of the Apaches, died, a United States prisoner of war, at Fort Sill, Okla.

THE HALL OF FAME.
JAMES MADISON—"Father of the Constitution"—and fourth president of the United States. Born Port Conway, Va., March 16, 1751; died Montpelier, Va., June 28, 1836. Graduated from Princeton in 1771. Was a delegate to the Continental congress and to the constitutional convention, in which he took a most conspicuous part. Kept a journal of the debates in the body and joined with Hamilton and Jay in publishing the Federalist. Later broke with the Hamilton faction and became associated with Jefferson. Served as secretary of state during Jefferson's two terms and succeeded him as president, 1801-17. It was during Madison's administration that the war of 1812 occurred. Socially the Madison regime was brilliant.

SENATOR HAAS INTRODUCES BILL OF GREAT MERIT
Senator W. E. Haas, of this district, has introduced a bill for the better care of invalid prisoners and the protection of the penitentiary from the effects of consumption-infecting contamination. In favorable comments on the bill the Cuyahoga Age says:
"The bill provides for segregation of cases, and intelligent sanitation and care of all prisoners with monthly inspections by the state board of health with reports to the governor. Ohio today stands isolated before the nation for sending her malarious prisoners to a variable den, where half of them are locked in idleness in a roomful of minds often give way and succumb to herded like sheep, uncleanliness, unsanitary, unchristian way that is, tuberculosis is fastened upon them, and then they are turned loose on the communities at large. The bill should become a law."

The heavy majority in the House of Representatives in favor of the Canadian reciprocity agreement is a fair reflection of the sentiment of the country. The Senate, while by no means

"A Pill in Time"
Is worth nine—especially if it be one of Hood's Pills, and you take it when you suspect your treacherous liver. You may have many a headache and constipation by promptly taking Hood's Pills. Whole box 25c, and one pill alone may prove worth the price.

so responsive to the pressure of public opinion as the House, can hardly fail to be influenced by the strength of the showing in the popular body. The horrified stand-patters will no doubt fight to the last ditch, but the most obtuse of them are beginning to decipher the handwriting on the high tariff wall.

It is remarkable that after seven years of administration the statesman on Oyster Bay has stumbled upon the policy of President McKinley. While he unctuously promised to carry out the policy of his lamented predecessor he was not long in forgetting it and leaving its resumption to President Taft in the agreement with Canada.

A DEMOCRATIC UNITED STATES SENATE COMING

But a year or so ago the United States Senate stood by Republicans to Democrats, a two-thirds majority, that potent dominance required in certain specified critical cases by the constitution. Now it is not the wilderness of a too fervent imagination to predict a Democratic senate in 1913. The trend is toward Democracy. It cannot expect success without permanence, but sanity is apparent everywhere. With it, the capture of the presidency is sure by all precedents of the sequels of mid-term triumphs. The seats of four Republican senators will expire in two years in States now having Democratic legislatures—Maine, Colorado, Montana and Nebraska. But one more gain is needed and Illinois, or any other state may furnish it. It is assumed that Arizona and New Mexico will "split even." There is your Democratic senate—and nothing like a baseless vision about it.

STATE'S PUBLIC EMPLOYMENT DEPARTMENT

The Free public employment office of the state under the management of Charles Wirmel, Democratic State Labor Commissioner last year placed 47,209 persons in positions at an aggregate cost of \$13,216.14 or 25.2 cents per person placed, as compared with 22,445 persons at an aggregate cost of \$13,666.51, or 60.5 cents per person placed for the preceding year. This is a saving in operating expenses of \$250.71 or 2.1 per cent and an increase in efficiency of 21,764 placements, or 110.3 per cent.

The private employment offices paid as license fees \$4,675 which with balances and interests enabled the department to pay into the state treasury the sum of \$5,870.45 as compared with \$7,000 for the preceding year. Another example of the result of turning machine Republicans out of office.

County auditors, who have been before the tax commission of Ohio, which is now sitting as a state board of equalization for real estate, are substantially a unit in the opinion that if a 1 per cent tax rate bill is to be made into law, it should be done before the personal property assessors begin their work for this year. The auditors say it will be much easier to get personal property on the duplicate under the 1 per cent maximum rate than otherwise. People will not trust their hidden property until they are assured that a high tax rate can not be assessed.

The house committee investigating election frauds in Cincinnati have increased the holding time for those whose Cox cards exhibited traces of tampering with reports to the governor. Ohio today stands isolated before the nation for sending her malarious prisoners to a variable den, where half of them are locked in idleness in a roomful of minds often give way and succumb to herded like sheep, uncleanliness, unsanitary, unchristian way that is, tuberculosis is fastened upon them, and then they are turned loose on the communities at large. The bill should become a law."

As official statistics show, the volume of currency increases from year to year, but it seems that it would choke the grasp of some people's miserly how abundant it might be.

A statistician has shown that Canada produces about two ounces of butter for a year for each mouth of its inhabitants, and not more than two or three eggs for each. The hens and cows of Canada will have to get very busy before causing serious alarm over their production to timorous loss of trade reciprocity.

MAYOR'S COURT A BUSY PLACE THIS MORNING

Intoxicated Man Wanders Into the Sprague House—Clay Orr was Bound Over to Court.

A man giving the name of J. W. Ball, of Sagresville, O., who has been selling safety razors in Newark for a few days past, while intoxicated, walked into the home of George B. Sprague early last night, and had frightened Mrs. Sprague, who had opened the front door to get some fresh air. Officer Hurlbush happened along and placed the fellow under arrest, and today Mr. Sprague filed an affidavit against him before Mayor Ankele.

The man stole nothing and had lost his hat at the side of the house in some bushes, entering the house bareheaded, leading Mr. Sprague to believe that he meant no harm, but was befuddled by drink.

He told Captain Swank that he had met a Newark man whom he was seen with on Tuesday night at Mansfield where they were both confined to the Mansfield reformatory.

It was decided to have the hearing of Clay Orr on a charge of burglarizing the Newark Hardware company with Hugh Hawkins, this morning instead of this afternoon, owing to the fact that Captain Swank who filed the affidavit, was going to Mansfield, to bring back J. H. Yoder, who was arrested there for the Newark officers on a charge of beating a board bill of \$12, owed to Mrs. Susan Pfeiffer.

Orr waived examination and was bound over to the grand jury in the sum of \$500, in default of which he was committed to the county jail.

The place conducted by Mrs. Dick Holler on Union street, was raided Thursday night and a quantity of whiskey and beer was found. Mrs. Holler was fined \$100 and costs and given ten days in which to pay it.

Earl Bush was fined \$25 and costs for disorderly conduct and committed to the county jail in default of payment.

Capt. Chas. Swank left Friday morning for Marysville after a man named Yoder, who is said to have jumped a board bill at the boarding house of Mrs. Pfeiffer. Yoder is held for the Newark officers and Captain Swank will return with him this evening.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a husband is a ready place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that if it does not produce the results we claim, this remedy is called Rexall "33" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness. Because of the results it has produced in thousands of cases.

Rexall "33" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to lighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "33" Hair Tonic is the best hair tonic and restorative in existence, and no one should go off on or doubt this statement until they have tried our claim.

Test it with the understanding that if it does not bring the results we claim, it does not give full and complete satisfaction in every particular. Try it, 50 cents and 50c. Remember you can obtain Rexall Remedies in Newark only at our store, The Rexall Store, Hall's Drug Store, 10 North 5th Square.

MOUSE NEST STARTS FIRE.

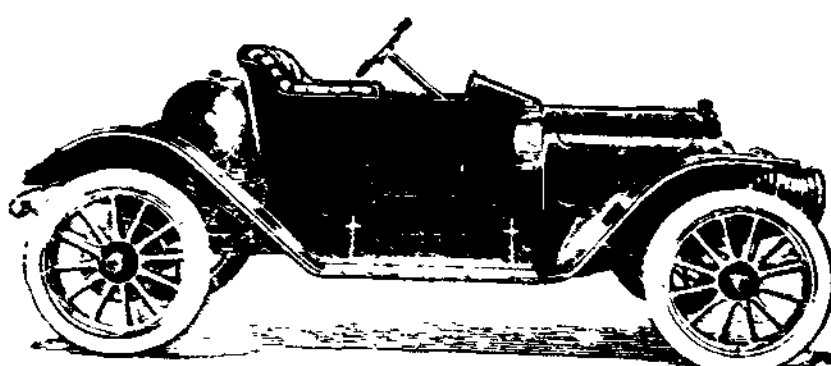

Marysville, Feb. 17.—A mouse nest in a hot stove duct, where it passed through the second-story floor, resulted in a blaze in the home of Norman C. Brown. The alarm was given by children on their way to school, who noticed smoke coming out of the chimney of the house.

Only a few days more to secure the great bargain Emerson is offering in his clearance sale, which will close in a few days. Cor. Third and Fair Sts. 11-21

TO VOTE ON PROHIBITION.
Augusta, Me., Feb. 17.—Whether the prohibition of the manufacture and sale of intoxicating liquors shall continue under the constitution of the state of Maine is to be determined by the voters of the state at a special election next September.

THE DEAN BILL

(Continued from Page 1.)

mand, and this was continued by others.

Members of the Cuyahoga delegation insist that their stand for the Stockwell bill is not Pickwickian. While it is admitted that Representatives Fellingner and Hellenkamp will not play the game as outlined, yet there are at least four members who will stand for giving the senatorial election precedence over the Dean bill.

What they are proposing is a leverage upon Senator Egan to force him to permit the Stockwell bill to be reported from the committee on elections in his branch, which they say will insure its passage.

The Cuyahoga delegation will have a caucus next Monday night, at which a final course of action will be determined upon.

At the meeting last night all were present: Welch of Ottawa, Cowan of Painesville, Schott of Coshocton, Gardner of Cleonora, and Fellingner of Cuyahoga. Demos, aters, Guard of Cuyahoga and Hellenkamp of Lucas, Republicans, and Hellenkamp of Lucas, Independent.

Cowan moved that the bill be reported favorably and without amendment, and this was seconded by Hellenkamp.

Mr. Guard entered a formal protest against the action, saying that he did not regard it as a proper bill; that the people of Ohio did not want it, and that a majority of the counties were against it.

His own county of Cuyahoga gave a 20-10 majority in local opinion, and he believed it would double it at another election.

Fellingner, replying, said that the voice of the people of the state had been heard through the Ohio senate, which passed the bill two to one. Each senator represented a fixed number of people, while the representatives spoke only for counties. If 50 of these counties were combined into a large municipality, they would have 100 votes on a ratio of population.

On the previous night Garner, Schott and Guard voted in the negative. The six affirmative votes then signed the record and it was made ready for reporting back.

WHAT THE DEAN BILL REALLY IS

Continued from Page 1.

In spite of the discussion of the provisions of the Dean bill, in the columns of the press and elsewhere, there seems to be a great deal of misunderstanding concerning its real intent.

The bill itself, as introduced in the senate, and as passed by the senate by a vote of 22 to 12, contains no provision for the repeal of certain statutes, and it repeals certain statutes of the law by number.

As a matter of fact, the Dean bill does not seek to establish any new scheme of local or state faith or morality.

It proposes but a rule—pure and simple—of equal rights—justice and law.

It is feared to give to those cities and towns of Ohio the same right to be "wet" in "dry" counties that is now accorded cities and towns to be "dry" in "wet" counties.

Nothing more and nothing less. Under the Rose county prohibition

law, when a county votes "dry," every inch of territory in that county is forced to be "dry."

When a county votes "wet," the Rose law allows cities, towns, villages and even townships in such a county to call elections and vote themselves "dry," if they so wish.

This one-sided provision of the Rose county prohibition law has frequently been alluded to as a case of legislative "heads I win; tails you lose."

The Dean bill does not deny privileges from anybody or anything. It confers a just right, which is now unjustly denied.

The leaders of progressive Democracy are exhorting in favor of the principle of the Democratic platform must be upheld and enforced.

We are told that the pledges of the party must be sacredly adhered to and carried out.

The Dean bill is simply in line with the principles of the initiative and referendum for municipalities, as advocated by progressive Democrats.

It is true that the people are demanding greater facilities for regulating and conducting their home affairs. It would seem that these views of true democracy should also apply to the liquor business.

The cities cannot now, under existing laws, force anything upon the county which the dwellers in the rural sections of the county do not approve. Why, then, should the voters who do not dwell in the cities or towns be allowed to legislate for the cities or towns?

From the standpoint of equal rights between urban and rural populations, there can be no sound argument advanced in favor of retaining these unjust features of the Rose county prohibition law.

Democracy and home rule should be synonymous in fact as well as in theory. E. A. D.

STOMACH MISERY

British Surgeon's Prescription Quickly Cures Indigestion.

Now Evans' Drug Store realizes that if you give the people a remedy for 25 cents that surely will cure indigestion, neuralgia of the stomach or any minor stomach distress, there is going to be a big sale at once.

OLD PEOPLE'S DANCE HELD AT HANOVER

The old people's dance, which was held in Odd Fellows Hall, Hanover, one night during the earlier part of the week, is said to have been one of the best affairs of the kind ever held in eastern Licking county. In addition to the large number of Hanover people that were present at the dance, fifteen couples went down from Newark and participated in the dance. "Daddy" Cummings performed the duties of floor manager. Among those who tripped the "light fantastic" was

CHILD WIFE HAD DOLL IN COURT

Kenton, Feb. 17.—John Jones, ex-convict, aged 42, was indicted for perjury by a grand jury a few minutes after Grace Strahm Jones, aged 14, his child wife, with a doll in her arms, testified against him.

Jones, in getting a license to marry the girl, swore she was 16 years old. Jones claims that Mrs. Hattie Strahm, the mother, told him he could marry the girl if he agreed to support the whole family, which he did. He was arrested upon complaint of the Humane Society. The doll the girl carried was received by her on Christmas day.

PRISONERS BREAK JAIL.

Canal Dover, Feb. 17.—Two prisoners, John Chamber, aged 30, and Samuel Morrow, 26, escaped from the Carroll county jail at Carrollton and are still at large. The men had been in jail since Sept. 26, charged with stealing canned fruit. They were allowed the freedom of the corridor and got away by means of a key supposed to have been given to them by some person outside.

Victim of Drink Needs Opium.

Drink continually destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more to drink that he craves. Medical treatment is necessary. (Continued on page 1.)

This remedy is thoroughly scientific and is so uniformly successful that it is sold with a guarantee to refund your money if after a trial it has not benefited. Booklet free or request. The Opium Company, Opium Building, Washington, D. C. Sold in this city by Hall's Drug Store, No. 10 N. Side Square.

WILL DISMISS SCHOOL FOR THE CITY INSTITUTE

The City Teachers' Institute will convene at the high school auditorium Monday at 9 a. m. and at 1 p. m., and school will be dismissed for the day.

Dr. Charles H. Judd of the College of Education, Chicago, University, will deliver two addresses: "Theoretical and Practical Education," and "How We Learn to See."

Dr. F. B. Dyer, superintendent of schools at Cincinnati may also be here.

Both of these men stand among the first educators of the land.

Many schools of the country should dismiss in order that the teachers may have an opportunity to hear these noted school men.

Institute will be opened with prayer by Rev. W. D. Ward, pastor of the Church of Christ.

The high school orchestra added much to the enjoyment of the last institute and will probably help us again.

Wednesday, February 22, is Washington's birthday and there will be no school on that date.

PROVIDES \$10 FINE.

Portsmouth, N. H., Feb. 17.—A bill which provides a fine of \$10 for persons caught listening to private conversation over a crossed telephone line was introduced in the legislature here by Herman A. Clark.

Home Made Dry Shampoo Makes Beautiful Hair.

Simply buy from a well-supplied drug store 6 ounces of powdered orris root and 2 ounces of antiseptic vitamin powder. Mix thoroughly and keep in a tight box or jar. Apply a tablespoonful, distributing it through the hair, permit to remain several hours, or over night, and then brush and comb thoroughly. The hair shows the splendid effects of this treatment after the first application. May be used daily or as often as one chooses. It removes dandruff, kills the dirt and makes the hair wonderfully lustrous and healthy looking.

Chicago Man Writes:

"My druggists supply me and my family with Blackburn's CascaRoyal Pills, as they are the best pill I have ever taken. Before taking them I was bothered with headache and always with drowsiness after meals. I am now very much relieved of both. I also appear to have a new life in me. I can truly say, they do all you claim, and I most heartily recommend them to all."

CAPT. DAVID AYRES, No. 5255 Wabash Ave., Chicago, Illinois.

Chronic constipation, indigestion, biliousness, liver trouble, headache, blood and skin troubles are all relieved by the regular use of Blackburn's CascaRoyal Pills. They are the most pleasurable physic ever placed on the market. A free trial package mailed to any one addressing The Blackburn Products Co., Dayton, Ohio. Sold by all druggists in 10c and 25c packages.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product. Wyth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time hair remedy. This preparation is sold by all first-class druggists for 50c, and \$1.00 a bottle, or is sent direct by the Wyth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by F. D. Hall, druggist.

WEDDINGS

WHYDE—CAPPS.
Mr. Herbert Whyde, a machinist helper at the B. and O., and Miss Mary Capps, daughter of Mr. and Mrs. Jacob Capps, were united in the holy bonds of matrimony Wednesday evening at 7 o'clock by Rev. T. A. Cosgrove in the Second Presbyterian manse. They were accompanied by Miss Leota Whyde. They are both well known young people and have the best wishes of their many friends.

FORD—COUCH.

Mr. Carl W. Ford and Miss Jessie M. Couch were united in marriage at the parsonage of the First Congregational church by Rev. Thomas H. Warner, on Wednesday, Feb. 15, at 8:30 p. m. They were attended by Mr. Riley Couch and Miss Mabel Forthe. The bride is a charming young lady who has lived in Newark all her life. The bridegroom is a blacksmith. They have the best wishes of their friends for their happiness. They will make their home in Zanesville.

HILL—PENN.

Wednesday at 4 p. m. Mr. Paul G. Hill and Miss Nellie Penn, young people from Alexandria, were joined in wedlock by Rev. L. C. Sparks at his home on North Fifth street. They were attended by Mr. Gerald Haycock and Miss Pearl Haycock, special friends of the married couple. They will reside in Alexandria.

YEGGS WORKING IN WEST VIRGINIA

Wheeling, W. Va., Feb. 17.—A small amount of money and stamps were secured from the postoffice at Elm Grove last night when postmen removed the window glass thus flooding an entrance.

SENSIBLE HEN LAYS EGGS ON FAMILY COUCH

Among the flock of chickens owned by Mrs. Abbie Allending, of North Market street, Loudenville, is a beautiful black hen, who is in possession of more than ordinary chicken intelligence and who has solved the problem of egg gathering. The hen is very tame, will eat from its owner's hand and has become a pet of the household. Some weeks ago, gentle tapping was heard at the kitchen window by members of the family, and upon investigation, the hen was discovered on the window sill. In order to ascertain the wishes of the little pullet, the window was opened and she immediately hopped into the room.

After taking a glance about the room, she made straight for a couch and proceeded to make herself comfortable among some newspapers which had been thrown carelessly upon the aforesaid couch. She remained there for some time apparently perfectly at home, deposited an egg in the improvised nest, cackled enough to notify the family of her donation and flew out of the window apparently elated over her achievement.

Every other day since the initial call, the above performance has been repeated and the welcome little visitor has gained much notoriety for her cleverness in delivering the goods and is the envy of the entire flock.

USE TIZ— SMALLER FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Feet Well, No Matter What Ails Them.

Everyone who is troubled with sore, sweaty or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Dodge & Co., Dodge Building, Chicago, Ill.

Eat Luscious "Sunkist" Oranges

Seedless—Fibreless—Juicy and Sweet—A Perfect Fruit

Five thousand California orange farmers, raising 60 per cent of the state's entire crop, select, each season, their perfect oranges and pack them under the name "Sunkist." This enables you to recognize and buy California's choicest, tree-ripened oranges.

Until you have tasted a luscious "Sunkist" orange, you cannot begin to appreciate the excellence of oranges that are properly grown, rigidly inspected, carefully packed and swiftly transported. Serve "Sunkists" on your table tomorrow morning and learn the superiority of tree-ripened, fibreless, seedless, solid and sound oranges over the commonplace kind. "Sunkist" oranges are so nearly all food that they are much the cheapest kind to buy.

"Sunkist" oranges are thin-skinned and are hand-picked. The "Sunkist" orange is a firm, solid fruit. Ask your dealer for the "Sunkist" kind and make sure that each orange you get is packed in a tissue paper wrapper labeled "Sunkist." For these wrappers are valuable.

FREE—This Handsome Rogers Orange Spoon

Save 12 "Sunkist" orange or lemon wrappers and send them to us with 12c to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful new design and highest quality. It is a sound wrapper choice. For each additional spoon desired send 12 "Sunkist" wrappers and 12c. In returning, please send one-cent stamp when the amount is less than 12c on envelope above. We prefer money order, express order or bank draft. Don't forget each wrapper will be filled to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers for premiums.

A fine sewing machine for sale cheap.

L. C. Penn & Co.

IS CORNHILL STREET.

Now if Postmaster General Hitchcock had only had a Loeb to blame those orders on.

Quoter "Man is made of dust." Guzzler "I wonder if that's the reason I am always dry."

My wife, Mrs. Jennie Lohman, having left my home, I will not be responsible for any debts contracted by her. (Signed) Leonard Lohman. 16-31

New Grocery Store. James Woodie has opened a grocery store at 51 South Second street where he will be glad to meet all his friends.

Sad News of Death. Mr. C. L. Wilson of South Buena Vista street, received the sad news today of the death of her brother Mr. Edward Tarkenton of Detroit, Michigan, caused by Bright's disease.

Mr. Gott Recovering. Mr. Thomas Gott, who has been quite sick suffering with a sore throat and grip at his home on Sixteenth and West Main streets, is reported as being some better at this time.

In Advance of "The Wolf." Mr. Tom Morrow, in advance of the "Wolf" which will be seen at the Auditorium Theatre Saturday is in the city today looking after matters pertaining to the appearance of his show here.

Resumes Position. Felix L. Varner, wagon man for the Huber Bakery, has returned to duty after being off for several weeks on account of sickness. Clark Provin, who had charge of the wagon during his sickness, is at the Great Western Clothing store.

Shoots Dog. The people in the vicinity of North Third street just above Church street, were this morning subjected a fright in the way of a mad dog scare. A brown mongrel had been acting queerly for some time and Mr. Nicholas gave the animal a chase and shot it.

Condition Improved. The condition of Isaac Pyles of Granville, who has been seriously ill with rheumatism, is somewhat improved.

Ill with Blood Poisoning. Engineer Schoppen of the Wehrle plant, is ill, suffering with blood poisoning, caused by having rubbed a blister in his heel from a heavy stocking.

More to Alabama. The family of J. F. Runion, the photographer, who reside at 63 Chestnut street, will leave in a day or two for Birmingham, Ala., where they will take up their residence.

The only Artistic Piano advertised with its price following is the Lyon & Healy Piano at \$350. There is a reason for this. It is the One-Price system from factory to home. T. W. Leah, resident sales director, 392 N. 4th street. 2-17-P&S-St.

Settled Damage Suit. A note received at the Advocate office today states that Nathan Zuckerman, who formerly operated the Wonderland theatre in this city, had settled a damage suit with the Cleveland Railway company, receiving \$5,000.

Birth Announcement. Born to Mr. and Mrs. F. F. Mock of Big Rapids, Mich., a ten pound daughter. Mrs. Mock is a daughter of Mr. Sarah E. Taylor of Hudson avenue. Newark friends extend congratulations over the arrival of the little stranger.

Raises Fine Stock. Mr. P. S. Phillips, the well known contractor, who is also engaged in the raising of fine stock, especially cattle, shipped two fine Shorn Horn bulls to West Virginia. They were beautiful, and the purchaser is very proud of them.

Taken Suddenly Ill. Miss Edith Loker was visiting at the home of her uncle, Mr. Willis Trace, in West Newark, Thursday, when she was taken suddenly and seriously ill. Crisis Bros. & Jones' ambulance was called and she was removed to her home in South Fourth street.

For Safe Keeping. An old man named Richecker, who had a room at the Seller hotel, Thursday night, became rather violent and Nigh Clerk Herbert Atherton thought best to have the police take charge of him, and he was taken to the county jail for safe keeping. It is thought that his mind is affected.

Woodside Meeting. The subject of Rev. G. W. Applegate's discourse at the Woodside Presbyterian church on "The Willing Exiles" will be "Sinful Exiles." The meetings continue to be greeted with unabated interest and are having the greatest success. They will continue for some time.

Very Good Plan. Station Keeper James Carlisle set a precedent Monday evening at the local police station says the Fortoria Times when he compelled all of the bums who were lodged there to wash their feet. The bum room was crowded to its fullest capacity as usual and all the Willies diverged themselves of their shoes preparatory to taking their night's rest.

The Early Bird, Etc. Spring is certainly hovering around in the immediate vicinity of West Main street for in addition to the numerous robins seen Friday morning and the thermometer near 60, several small boys were busily engaged in fishing in the South Fork of the Licking. They were rewarded by a small catch of suckers and red horse.

Closing Out Fancy and White Vests at HALF PRICE, Saturday and Monday at HERMANN'S THE CLOTHIER.

Now if Postmaster General Hitchcock had only had a Loeb to blame those orders on.

Quoter "Man is made of dust." Guzzler "I wonder if that's the reason I am always dry."

ALL DRUGGISTS

DEPARTMENT IS AFTER GOOD ROADS FOR THE CARRIERS

Roads and bridges over which rural free delivery routes operate must be kept in good condition and postmasters are instructed to familiarize themselves with the conditions of roads over which routes originating from their offices follow. Such is the substance of a letter being sent to postmasters.

The advantages of maintaining good roads are thus presented in practical tangible form by the postoffice department.

"The department is not immediately concerned in elaborate road improvement," said an official, "but in the interest of the best service to the largest number of persons, it must insist upon roads being kept in good repair."

As a result of the continual insistence by the postoffice department, there has been a great improvement in highways. Postmasters are urged to keep posted as to the condition of the roads and keep the matter before the patrons of the office and the local authorities so that improvements may be kept up.

If the road requires improvement and it is not ready with in a reasonable time, the fact is to be reported to the department and action taken looking to the discontinuance of the mail service on such a route.

Another recommendation of the postoffice department has heretofore been published, being to paint all the rural boxes white and the posts on which the mail boxes are placed the same color. The idea is to give a uniform color and identity to these boxes in all parts of the country as United States mail boxes.

If painted white the boxes and posts will not only present a neater appearance, but will be protected from damage by the weather.

The posts upon which the boxes are placed may be used as signboards and the local authorities are urged to paint upon the posts the names of the towns and villages to which the roads lead. This is especially important at cross roads.

PIMPLES CURED IN TEN DAYS OR YOUR MONEY BACK.

Any one who has pimples, boils, blackheads, liver spots, open sores and eruptions should know it is because of bad blood. The circulation has become contaminated with matter that has diseased the blood, which is being

forced out of the system through the pores of the skin. This condition cannot be cured unless you remove the cause. Bin-Ter Complexion Tablets purify the blood, strengthen the system and make your skin healthy, thus restoring your complexion to its clear, youthful appearance. If Bin-Ter don't cure you we will return your money. Under the purifying and tonic effect of Bin-Ter Complexion Tablets the system will be built up and your skin cleared, usually in about ten days. Sold and returned by T. J. Evans, 20c to 25c Bin-Ter Laboratory, 135 E. Washington St., Chicago, Ill., for large sample.

OFFICIAL HEADS WILL SOON FALL AT WASHINGTON

Washington Feb. 17.—"Lame Duck" members of Congress are not the only persons whose official heads will fall into the executioner's basket on March 4 next or soon thereafter. With the approach of the end of the session the rumblings portending a disturbance in the State Department grow louder.

The upheaval is expected to center in the diplomatic bureau. Dismissals, demotions, and transfers will be the manifestations, it is believed, of the workings of the inner machinery.

The clouds seem to be gathering thickest about the head of Henry Lane Wilson, of Spokane, Wash. Ambassador to Mexico. Wilson was promoted to his present post from the legation at Brussels, largely through the efforts of his brother, who is well known as a newspaper owner in Washington state.

It is asserted that Mr. Wilson has been most unfortunate in the effect this work has produced upon Secretary Knox. It is admitted that his position has been a trying one, owing to the revolutionary and anti-American disturbance in Mexico which have been growing more serious since last summer. Yet, the fact remains that his work has been pronounced unsatisfactory. Whether he will be dismissed or merely transferred is a matter yet undecided; the latter alternative is said to be likely.

Since the resignation of Oscar Straus as ambassador to Turkey, the department has been searching for his successor. No one has been chosen as yet, and it is now expected that transfers will be made to fill the vacancy. Ambassador Rockhill at St. Petersburg is named as the most likely candidate.

That two, and possibly three of the posts in South America will have new incumbents this spring is considered certain. Little is known, however, of the changes contemplated in the Latin-American countries.

Consideration of the candidates for the various posts to be affected by the shake-up has been deliberately deferred by President Taft and Secretary Knox. For one reason, they wished to devote their time during the session of Congress, to other more pressing matters, such as the proposed reciprocity agreement with Canada, and the post-ash dispute with Germany. Another reason for the delay, hardly less potent, is that after Congress adjourns, the President may appoint without thought of the Senate. That body will probably not meet until December next, and thus his appointees may hold office in the diplomatic service for nearly a year before the Senate need be asked to confirm them. Once in, it is believed almost any appointee will be confirmed.

ELECTRIC ROAD FOR JOHNSTOWN ALMOST ASSURED

(Johnstown Independent.)

The electric car service that Johnstown has expected for so long is now practically assured. L. P. Stephens and G. W. Meeker of Columbus, both of whom are interested in the Columbus, Mt. Vernon and Mansfield Traction Co. as the new company is known, were here and addressed more than one hundred of the citizens and business men. Mr. Meeker told of the possibilities of the proposed road at some length. He cited many instances of what the electric railways had done for towns and villages the size of this place.

Should the road be built, and there seems to be but little doubt as to that, a large and altogether new territory will be in direct and close touch with a good market for large quantities of farm products—our capital city. In the entire route from Columbus to Mt. Vernon, a distance of about forty miles, only one railroad, the Toledo and Ohio Central, at this place, will be crossed.

Col. A. A. Rich of Columbus and R. W. Moran are now selling bonds of the company here. As had been stated the object of Friday night's meeting was to try and financially interest a few of our citizens. As soon as the balance of the bonds, about \$100,000 worth are sold contracts for construction will be let. Unless plans of the company miscarry, active construction work will begin about April 1. At this writing about \$5,000 or \$6,000 worth of bonds have been sold here. The face value of each bond is \$100 but the bonds are being sold at \$85 which includes \$15 bonus stock. All the bonds are guaranteed by first mortgage on the road. Judging from the earnings of the part of the road now in operation the bonds would seem to be a good investment.

Shirt sale now on at Emerson's Cor. Third and Main. 16-2

CHARGED WITH WHITE SLAVERY

Cincinnati, Feb. 17.—Jacob Portney, 22, of St. Louis, was sentenced to four years in the Fort Leavenworth federal prison by United States Judge Conlister today. This is the first conviction under the recently passed federal white slave law.

Portney was charged with bringing a girl from Chicago. He failed to substantiate his claim that he intended to marry her.

WANTS RECEIVER FOR MOTOR COMPANY

Columbus, O., Feb. 17.—The Ball Motor Co. of Newark, N. J., has applied for a receiver to be appointed for the Motor Supply Company of Columbus. Louis Hochstetler of Columbus was appointed receiver of the company.

Russia Warned to Proceed Cautiously

London, Feb. 17.—European chambers warning Russia to proceed cautiously in her threatened military aggression against China. Instances of these warnings are said to have taken the form of official notes to the Russian foreign office.

The English press is particularly apprehensive of the outcome of the proposed invasion of Kuldja in Chinese Turkestan by the Russian troops.

Clare, "any threat of forcible action by a foreign power may be regarded by far reaching consequences. It is hoped that before Russia proceeds to the execution of an invasion of Chinese territory she will weigh the possible result."

Fear of an anti-foreign outbreak in China, should Russia take good her threat, is expressed by many statesmen familiar with Chinese affairs. China has shown a willingness to arbitrate the question of her alleged violation of the treaty of 1881 and this gives rise to the hope that she may yield before actual hostilities are precipitated. Russia does not have the right under the treaty to impose unlimited export and import duties on goods in the duty free zone to her consular in Kobi, Khami, Guchen and other points along the frontier, to acquire real estate in Mongolia and improve it in whatever was desired special trade privileges and duty free commerce with Mongolia on the extra wall provinces, the protection of the extra territorial rights of Russians in China and the right of Russians in suits with Chinese by mixed courts.

BOARD OF TRADE

(Continued from Page 2.)

asked several questions and made a few remarks favoring such action and the following was unanimously adopted:

"Resolved, That it be the sense of the Board of Trade of the City of Newark, that the board of county commissioners of Licking county grant relief to the City Hospital under the Act of April 30, 1910, of the general assembly of Ohio."

Mr. W. H. Masey submitted a report from the committee on civic improvements containing ten recommendations. The report is appended.

Civic Improvement Committee's Report.

Your committee on Civic Improvement begs to submit the following report:

1. Recommend the enforcing of the ordinance against the sweeping of papers and rubbish into the streets and alleys. We think this ordinance should be published in both papers, bringing it especially to the notice of the merchants around the square, and then enforced rigidly.

2. Recommend the beautifying of the Park around the Court House, by the planting, under the direction of a landscape gardener, of beds of flowers and shrubbery.

3. Recommend the enforcing of the ordinance prohibiting the running at large of dogs through the Court House Park and Public Square.

4. Recommend the planting of shrubbery, such as hedge trees, etc., in clumps along the water edge of the south side of the canal, from First to Sixth streets.

5. Recommend the securing from the National government of seeds to be distributed to the school children of the city for the purpose of making beautiful flower gardens. We think this could be accomplished by the securing of a lecturer from the National Cash Register Co. or some organization which has taken up this work, who will explain this idea to the school children, and then offer a few prizes to the children producing the most beautiful gardens, subject to the plan and decision of a committee to be appointed by the president of the Board.

6. Recommend the general observance of Arbor Day in Newark, we to buy a general assortment of shade trees, such as maples, etc., that we will furnish to any one promising to plant same on this day. Shade trees at a nominal price—probably 25c each, and have some one on Arbor Day to give these people instructions how these should be planted to best promote their growth.

7. Recommend the taking down of the large billboard just east of the B. & O. depot, which is on the city grounds, and further, to the committee on Factory Sites, we would recommend their inspecting of this site with the idea of putting this ground to some practical use, such as a site for a factory.

8. Recommend against the placing of any receptacles around the Public Square, as being unsightly.

9. Recommend that we assist in every way we can the Director of Public Service in the keeping clean of our streets.

10. A general clean up day throughout the city some day in March or April that will be announced through the papers. On this day it would be our idea that every resident in the city be invited to clean out their yards and cellars and place the rubbish in a pile on the street in front of the yard, and the city provide teams to collect and haul this away on clean-up day.

Report received and filed.

Probably the most important matter taken up at the meeting was the proposition contained in the report of the good roads committee, submitted by the chairman, Fred C. Evans, that the county commissioners issue \$200,000 bonds for building macadamized roads in the county. He had a map, prepared by County Surveyor Fred S. Cully, which he used to illustrate his report as he proceeded.

This report follows:

Committee on Good Roads.

Our committee on good roads, streets and sidewalks will not have a great deal to say at this particular time on sidewalks and streets as we wish to call your attention to the road question. However, we are making arrangements to better sidewalk conditions and conditions on our streets which we will take up in detail at some future meeting.

We find there are six petitions for good roads in this county under the state road aid law. These petitions are in six different parts of

the county. As you will see by this map the green lines are roads petitioned for as follows:

Four miles on the old Columbus road in Lima township.

Three miles on the Granville road in Granville and Newark township.

Four miles on the Jacksonville road in Licking township.

Two miles on the Zanesville road in Madison township.

Three miles in Hartford township. Making a total of sixteen miles.

The dawn of railroad building and steam transportation seems to have largely drawn public attention and away from our common highways.

For more than fifty years we have seen our wealth doubled and tripled; years that have seen continents girded with belts of steel and lightning highways strong across every sea; years that have been filled with a succession of wonders and triumphs in every field of human thought and endeavor. But the greatest wonder of all these wonderful years is that as a nation we have utterly ignored our country roads and we seem surprised when we look about us and find them no better than they were half a century ago.

A condition confronts us, not a theory. Are not a hundred years of observation long enough to convince us that the roads will not reform themselves? The great problem of the age, and of all ages has been and is, to bring the producer and the consumer into the easiest and quickest possible communication. To this end we grapple the air with railroads and tangle the air with telephone and telegraph wires. The manufacturer learning from experience that bad roads interfere with his obtaining steady and continuous supplies of raw material, wants the roads improved. The merchant has learned that bad roads retard trade and he wants them improved. Our postoffice department is greatly hindered and hampered in its efforts to supply the country regular, prompt and reliable mail service, for the lack of good roads. It would be hard to name an interest, an industry or an individual who would not be benefitted by better roads. In fact, gentlemen, the crying need of our country today, is better roads. There is no expenditure of money that would be better invested for the commercial interests of this county and city than macadamizing our public highways.

In view of this fact this committee wishes to present to this body of men, for your consideration, a resolution which has been approved by the J. C. Wonders, our state highway commissioner, our county commissioner and our county prosecuting attorney, which is—

"Resolved, That the Newark, Ohio, Board of Trade recommends:

"That the Licking county commissioners bond the county for \$200,000 (two hundred thousand dollars) for macadamizing roads in Licking county, as follows:

"Commencing at the corporation lines of the City of Newark;

Fifty thousand dollars to macadamize north on Mt. Vernon and Newark road;

Fifty thousand dollars to macadamize east on the Newark and Zanesville road;

Fifty thousand dollars to macadamize south on the Newark and Jacksonville road;

Fifty thousand dollars to macadamize west on the Newark and Columbus road, via Granville, connecting with Franklin county pike at Summit;

and under the state aid law and under the supervision of the state highway commissioner.

"FRED C. EVANS, Chairman, W. C. WEIANT, W. C. CHRISTIAN, FENWICK EWING, GEORGE D. HEISEY."

This resolution was unanimously adopted.

President Spencer told the meeting that the "Made in Newark" committee had in mind the holding of a street fair or exposition for the display of articles which were manufactured in the city in the not remote future, and also read a communication from Mayor John M. Ankele which follows:

Mayor's Communication.

"Newark, O., Feb. 15, 1911. To the Gentlemen of the Board of Trade:

"Since this body has agreed among themselves to do something in the way of municipal reform, the end in view, being the betterment

of conditions in our city, I have to offer an idea which I consider a logical as well as practical one. We have at present in our city, no place where the unemployed can meet.

The man out of employment, must either loaf on the street corner, or in some business place where he naturally feels out of place, or that he is an intruder. I believe that this body should procure a room centrally located and I have several in mind, where these men could register, where comfortable chairs or benches and current reading matter would be provided.

"Then, anyone seeking a carpenter, laborer, or other help, could go to said rooms and either find his man or register. In this way, we would be helping the unemployed, also the busy man who requires mechanical assistance. I feel that at least for a while, this service should be rendered free of any charge. I believe that it could be done at a slight expense to this body, and would ask your body to consider this matter this evening, and empower our worthy chairman to appoint a committee with full power to act in this matter."

"JOHN M. ANKELE."

Mr. Beggs moved that the president be authorized to appoint a committee to make an investigation as to wages and means of carrying out the mayor's suggestions, which carried.

The canal question came up in the form of a resolution to instruct the state senators representing this district and Licking county's representative to support a bill in the Ohio canal that were unprofitable, and divide the proceeds among the 38 counties of the state, to be used for the construction of better roads.

Prof. J. D. Simkins was opposed to this plan, and stated that the canal should not be thus abandoned, as it had its uses and should not be ruthlessly given away, or sold.

Attorney J. A. Flory said that he objected to the bill referred to and that it should provide for the return by the state of the canal bed running through the city, for street purposes to which it had been originally dedicated.

Dr. W. H. Knauss moved to amend the motion to adopt the resolution, by laying it on the table, and the motion was amended carried, and it was accordingly tabled.

A resolution by Mr. J. A. Flory was then adopted that it was the sense of the Board of Trade that our senators and representative be instructed to use all honorable means to have a bill passed by the general assembly returning the canal bed to the city to be used for street purposes.

President Spencer then read a report from the committee on law and government after which the meeting adjourned.

Report of Committee on Law and City Government.

The committee on law and city government has at this time no definite report or suggestion to offer. One meeting has been held at which the members present expressed a desire to co-operate with the city council and with the city officials, both in the enactment and in the observance of law. The committee will not seek to dictate to the authorities but rather to advise with them and it offers its services in the consideration of questions pending before the council or the local administration. The committee hopes through co-operation with the city authorities to bring about changes both in the city ordinances and in the observance of ordinances that are now in force.

The committee is non-partisan, being composed of five Democrats and five Republicans, having been so constituted in order that the committee's action and attention might be free from political bias or influence. The personnel of this committee is: C. H. Spencer, Charles W. Miller, Elmer Orr, Oliver D. Irwin, James H. Fitzgibbon, James F. Irwin, Roe Emerson, John E. Ankele, Carl Norpell, George H. Hamilton.

This report was received and filed.

"Made in Newark."

Mr. W. F. Minor, chairman of the "Made in Newark Exposition," submitted the following report:

Your committee on a "Made in Newark Exposition" held a meeting Tuesday evening, February 14th, at which all but two members were present.

Your committee wish to report that, although they are very favorably inclined towards such an Exposition, before definitely committing themselves or the Board of Trade to such a proposition they wish to investigate the question further, particularly from a financial standpoint.

It seems to be the general opinion that some available space should be chosen and booths erected where merchants and manufacturers can display the products which are manufactured or sold in Newark. In addition to these displays, some kind of entertainment has been suggested. To be successful, such an Exposition must be carried out on a fairly large scale at considerable expense. The undertaking will be a big one and the details will have to be very carefully worked out by this committee. Such an Exposition should bring to the attention of every citizen of this city, as well as Licking county, products which are manufactured and sold in Newark. It should bring Newark to the attention of outsiders, through the advertising which must be done in connection with an affair of this kind. It would tend to arouse, among the citizens of Newark, a greater interest in the Board of Trade and might well be the means of earning greater support for the Board.

It was arranged that the members of the committee would enter into correspondence with cities where such Expositions have been held, with a view of ascertaining how such Expositions were financed and how successful they were from that standpoint, as well as to find out what advantages,

other than financial, were derived from such an exposition.

The questions of location, date, ways and means were discussed to some extent but it was decided not to report definitely on these questions until further information had been compiled, but it is the intention of your committee, from time to time at the monthly meetings, to report the progress that is being made.

We particularly request and need tonight the opinions and suggestions of the members of the Board of Trade.

While you can count on the earnest support of your committee towards making this affair a success, if it is decided upon, we will need the earnest support of the members of the Board, as a whole, to properly carry out an undertaking of this nature, which, if properly handled will result to the credit of the city but which if improperly conducted would do more harm than good.

New Institutions.

Col. W. C. Wells submitted the following report:

At a meeting of the New Industries, Convention and Entertainment committee, held on February 15th at 4 o'clock in the office of the Board of Trade, the committee was formally organized, the members being: W. C. Wells, Wesley Montgomery, Eugene Koos, George L. Warner, A. L. Norton, L. B. Richards, Frank Schimpf, W. C. Neighbour, Fred Gleichauf, William Shamp, W. E. Miller, W. C. Gardner, W. L. Prout, A. H. Heisey, George Hermann, C. L. H. Long, J. C. Krieg, John S. Fulton, Warren T. Suter, R. M. Frost, C. H. Bolin, L. C. Carl and E. Cary Norris.

In addition to its chairman, Mr. E. Cary Norris was selected first vice chairman, Mr. W. E. Miller, second vice chairman, and L. B. Richards, secretary.

It was decided that the committee would act as a whole on all matters for final disposition and that the following sub-divisions would be made to take up matters and make recommendations to the committee:

On New Industries for the East—Wesley Montgomery, William Shamp, A. H. Heisey, John C. Krieg, and C. H. Bolin.

On New Industries for the West—W. C. Gardner, John S. Fulton, L. F. Carl and L. B. Richards.

On New Industries for the South—W. E. Miller, George L. Warner, George Hermann.

On New Industries for the North—Eugene Koos, Fred Gleichauf, Frank Schimpf.

On Conventions—E. Cary Norris, W. L. Prout, F. S. Neighbour, Warren T. Suter and R. M. Frost.

On Entertainment—C. L. H. Long, A. L. Norton and George L. Warner.

The secretary was requested to get all information possible from clipping bureaus, etc., as to how much it would cost to get daily reports on proposed new factories, etc.

The convention sub-committee will at once take up the work of investigating the proposition of building a Convention Hall.

We will have during the coming fall, a convention of the Chiefs of Police of the State, and hope to land many more.

We are in communication with several concerns at the present time—one a machine shop and foundry, another a manufacturer of automobile tires and rubber goods, another for the making of glass lined metal milk cans, bottles, oyster cans, etc., and a factory making automobile parts. Most of these concerns want some of their stock sold in place of a bonus, but we hope to be able to get one industry at least before the next meeting.

The sub-committee on industries will get up a list of all factory sites in their respective districts, together with the selling price of the same.

Only a few days more to secure the great bargain Emerson is offering in his clearance sale, which will close in a few days. Cor. Third and Main Sts. 16-21.

ARRESTED FOR ARSON.

Wooster, Feb. 17.—Frank Gallagher, whose garage was burned last September, with a loss of \$7000, has been indicted for arson. He is under arrest in Parkersburg, W. Va., where he has been living.

THIRTEEN REPORTED DROWNED.

London, Feb. 17.—A collision off the Essex coast yesterday resulted in the sinking of the steamer Mount Park, Cadiz for Yarmouth. Thirteen of the crew are reported drowned.

WON'T RAISE SECRETARY'S PAY.

Washington, Feb. 17.—The salary of the secretary to the president bids fair to remain \$6000 a year. The House, by a vote of 130 to 52, emphatically disapproved of the senate's plan to increase it to \$10,000.

Tonsilline Cures Sore Throat.

The throat is one of the most delicate parts of the body. It is also one of the most important, and should be given the best possible care.

The throat is the gateway to the body. The air we breathe, the food we eat, the liquids we drink, all pass through it. It is very easily affected by cold, strain, exposure, etc., and Sore Throat is therefore one of our most common ailments. Strangely enough, it is also one of the most neglected.

Sore Throat is a very serious matter, for the whole system is in danger in consequence of it.

Every Sore Throat patient is a candidate for Tonsilline, Quinsy, Diphtheria and other serious or fatal diseases, all of which can be prevented by the timely cure of the Sore Throat by the use of TONSILINE.

If taken in time a dose or two will do it. TONSILINE is made to cure throat diseases and nothing else. It is the one remedy for this purpose sold largely in the United States. Every user endorses it; every physician, knowing its virtues, commends it.

The one most important thing to remember about TONSILINE is the fact that it really does cure Sore Throat.

25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

EXHAUSTED NERVES

Must Be Nourished Through The Blood.

It Is the Only Way in Which Starved Nerves Can Be Fed And Is Usually Successful From the Start.

Nervous debility is the forerunner of a nervous breakdown, perhaps the warning sign of paralysis.

The first thing to do in nervous debility is to stop the cause of the trouble, if possible, whether it is irregular living, worry, or whatever it may be. Then the nerves must be given special nourishment and the blood must be kept pure and rich. This is the mission of Dr. Williams' Pink Pills and this is why the pills have been used with such great success in nervous troubles that did not yield to ordinary methods of treatment.

"About six years ago," says Mr. J. W. Landon, of No. 307 Lovell street, Charleston, W. Va., "I suffered from a complete nervous breakdown. I became so extremely nervous that there was a constant trembling or twitching of the muscles of my body. I had no appetite, could not get a good night's rest, was melancholy and worried about my condition all of the time. I was thin and pale and my blood was poor. Occasionally there would come over me a numb, prickling sensation. My health became so poor that I had to give up my work."

"I was treated by physicians and specialists in nervous diseases but they did not help me. A druggist in Baltimore told me to try Dr. Williams' Pink Pills and I followed his advice. In a few days I felt some benefit, my appetite improved and I gained in strength. I continued to improve until I was cured and have no hesitation in recommending Dr. Williams' Pink Pills for nervous troubles."

A booklet, "Nervous Disorders" will be sent free upon request to anyone interested in the remedy that cured Mr. Landon. Write for a copy today.

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild starved nerve tissue.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Company, Schenectady, N. Y.

POSTMASTERSHIP

Of House of Representatives is Being Sought by Former Ohio Member of Congress.

Washington, Feb. 17.—Robert B. Gordon of St. Marys, Ohio, former member of congress from the Fourth district, is a candidate for the position of postmaster of the house when the Democrats take possession of the south end of the Capitol.

He will have the endorsement of all the Democratic members of the Ohio delegation, it is said, and the Ohioans believe they have a fair chance of landing this piece of pie when the Democrats proceed to distribute the three-quarter million dollars of patronage that will be theirs in the next house. It is expected that the delegation will meet shortly and approve Gordon's candidacy.

The postmastership pays \$4000 a year and the postmaster will have the appointment of a number of employees.

Gordon will not have a walk-over in the contest as there are candidates from Georgia, Virginia and New Jersey.

It has been reported that William L. Finley, who had been a candidate for sergeant-at-arms, would become a candidate for doorkeeper of the house but this is denied authoritatively. Finley will not be a candidate for anything.

There is nothing more frightful in a happy home than to have one of its members instantly seized with a dreadful attack of Epilepsy or Fits. The many grateful letters from such homes, after the use of Kosine, the remarkable remedy for this dread ailment, testify to the real merit of the preparation.

It is a meritorious article and is sold on guarantee plan that deserves your confidence. The price \$1.50 will be refunded by Frank D. Hall, No. 10 N. Side Square, if not fully satisfied after using a bottle. Mail orders filled by the Kosine Co., Washington, D. C. Frank D. Hall, 10 North Side square.

AMUSEMENTS

NANCY BOYER CO. Nancy Boyer's feature play, "Leah Kleschna," will be the attraction offered by the clever little star this evening at the Auditorium.

The story deals with crime in Paris, and brings Nancy into the limelight as a girl thief.

The entire company appear to the very best advantage in "Leah Kleschna," the cast calling for the complete roster of the company, and includes three clever doubles, Leah Kleschna was for three years, Mrs. Pike's starring play, and was one of the mediums that brought this famous actress into the stellar position among her fellow stars.

Saturday afternoon at the special matinee, "The Little Gray Lady," Channing Pollock's vivid play written around departmental life in our National Capitol, will be the extraordinary offering, Saturday night. For the big Newark baseball benefit, Nancy

will produce "The Political Boss," a sterling play dealing with New York politics.

"THE ROSARY."

When Rowland & Clifford's new play, "The Rosary," by Edward E. Rose, comes to the Auditorium theatre on Feb. 22, the discriminating public will be given an opportunity to see pictured before them the growing unrest and irreligion of our times. It is a faithful picture of the misery and unhappiness that surely comes upon a man who lacks faith in the supreme good and its triumph in our world.

Can one evil mind poison a whole household? Is the human brain capable of producing disastrous effects upon a household by adverse suggestive thoughts?

Do we realize adequately how our mental attitudes influence our lives and the lives about us?

And the answer? Well, the play is the answer.

This play has proven the sensation of the season in Chicago and New York; one company has just closed a three months' run in Chicago, and another is packing the Garden Theatre, New York City, nightly.

"BILLY, THE KID."

With the success of "The Squaw Man," "Arizona," "The Virginian," and the many other meta-dramatic plays dealing with certain phases of life in the western country there will be quite a number of new plays this season with the locales laid west of the Missouri. One of the first of these to leave New York for its season is "Billy, the Kid," which is the vehicle that has been selected for the starring tour of the favorite young actor, Frank Dickson. From what can be learned of the play, it is stated that it tells a very interesting story and tells it well. That there are numbers of good, strong situations and plenty of comedy and that it fits the requirements of the young star to a nicety. Dickson will present "Billy, the Kid" at the Auditorium theatre on Friday, Feb. 24 for one performance only.

"THE WOLF."

"The Wolf," the powerful play of the Hudson Bay fur country by Eugene Walter, will be presented at the Auditorium theatre. It comes here after brilliant successes at the Lyric Theatre in New York and the Grand Opera house, Chicago.

This drama which is in three acts and three scenes, possesses many novelties and is fraught with intense human interest. It is a story of the Far North where man, though primitive, yet have all the pure and baser instincts of a more effete civilization. The treatment of the theme—the attempt of an American railway engineer to betray the daughter of a Scotch settler in love—is handled boldly yet skillfully by Mr. Walter, who has provided at least one climax that takes rank with the most thrilling ever devised for the American stage. It is the duel in the dark in which the victor is only distinguished by the glimmer of a match. And its presentation here in Newark for two performances on Saturday, Feb. 25th, will be received with a great deal of pleasure.

"THE BLUE MOUSE."

"The Blue Mouse," Clyde Fitch's latest farce, is described as a play that will irresistibly sweep the country on account of its strong appeal to those who like laughter, and that means everybody. It has been a sensation in Germany, and for over a year captivated New York. Mr. E. J. Carpenter, who is directing the tour of the play, assures a competent production and cast. The piece comes here for the first time at the Auditorium theatre soon.

ORPHEUS.

Speaking about the Arcade playhouse this week there is the place to go if you want to see one excellent vaudeville show, and that kangaroo which the Gordon Brothers present in their boxing match, isn't it great? The Gordons are excellent boxers, and it's a scream to see Mr. Kangaroo keeping right up with them, and the most of the time a little bit ahead. And did you ever hear such singing as the Musical Comedy Four gives at every performance, and did you ever get so many real laughs all in one act? And could they finish off their act with anything more beautiful than that enormous silk plush drop? And isn't Miss Edythe Doyle one of the sweetest singers and cleverest pianists you have ever seen for a long time. That's what every one says. How did you like the Modernists in their Spanish singing and dancing? Better than any act of its kind before. Hasn't the gallant a rich voice and isn't every movement of the madame graceful? How did you enjoy the picture? Worth the price of admission themselves.

Children who have GRAPE-NUTS

With cream or milk For the cereal part of Their morning meal Can study better, and Do not get faint and Hungry before noon. Grape-Nuts is easy to digest And a perfectly balanced food For body and brain
